You don't often get email from yun.samuel@epa.gov. [Learn why this is important](#)

Would you be available at 11 am CST on Thursday (3/10)? If not, then I can try to find some times for next week.

Thanks!

Sam Yun

Subject: CapturePoint Solutions, LLC Class VI permit applications

Hi Ken, I want to introduce myself, my name is Nick Jones, I am a geologist with CapturePoint Solutions and am working as part of the CPS team regarding Class VI permit applications. I am writing to you to begin the process of working with you and your team as we are writing the various components of our Class IV applications and prior to electronic submission into the Geologic Sequestration Data Tool (GSDT). As it is suggested in the EPA guidance this communication will be critical and save time in writing and reviewing these documents. At your convenience I'd like to have a brief conversation and to learn more about this process.

Many thanks

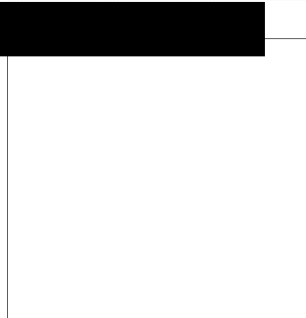

-Nick
